

FAQs

What is Clear + Brilliant?

Clear + Brilliant is a unique treatment that uses fractional laser technology to address the early signs of ageing skin and help prevent them.

What is Clear + Brilliant Perm ea?

The Clear + Brilliant Perm ea treatment is optimised for brighter, more even skin tone and enhanced skin permeability for added benefits of topical skincare products when applied immediately after treatment.

How does Clear + Brilliant work?

Clear + Brilliant is a gentle laser that refreshes your skin from the inside out. The laser energy creates millions of microscopic treatment zones in your skin, replacing damaged skin with healthy, younger looking tissue.

How do I know Clear + Brilliant is right for me at my age?

No matter how old you are, sun exposure, environmental conditions and lifestyle can contribute to lacklustre skin. Whether you want to extend the younger look of your skin or address these early signs of ageing, Clear + Brilliant can help.

How many treatments will I need?

The number of treatments is tailored to your concerns and skincare desires. In recent studies, consumers reported visible improvements after 4-6 treatments, though many patients choose to have routine treatments as part of their overall skincare regimen. Your skincare practitioner will discuss a personalised treatment regimen with you.

When will I see results and how long will they last?

The results of treatment are both immediate and progressive. A few days after the treatment, the skin will start to feel softer, look brighter and show more even tone. Results can last for months depending on age, skin condition and how you protect your skin.

Is Clear + Brilliant suitable for my skin?

The Clear + Brilliant treatment is suitable when used by a trained expert who will evaluate your skin and recommend the best course of treatment.

FOCUSSED. PRECISE. GENTLE.

A NEW APPROACH TO LASER
SKINCARE

CLEAR + BRILLIANT + YOU

We all have a routine we rely on to stay at our best.

When it comes to our skin, we put a lot of trust in products and professionals to help us do all we can to fight the signs of ageing. We all want to hold on to that youthful look and feel as long as we can. Which is exactly why we developed Clear + Brilliant.

Clear + Brilliant is a revolutionary, and effective yet gentle skincare laser treatment, clinically proven to fight the effects of ageing skin.

Clear + Brilliant takes skincare to a whole new level. Not only does it improve unwanted signs of ageing, it gives you the power to help prevent them.

- Visibly illuminated skin tone
- Renewed, softer and smoother texture
- Naturally radiant and glowing skin
- Reduction in the appearance of pores
- Improved tone, texture and radiance

Clear + Brilliant helps you recover the glow of younger-looking skin.

- Comfortable, fast, effective, and affordable
- Prevent early signs of ageing and maintain younger-looking skin
- Minimal downtime
- Suitable for all skin types

Clinically Proven. Professionally Accepted. Patient Demanded.

There's no question that Clear + Brilliant delivers real results. In clinical studies, Clear + Brilliant helped refresh skin tone and texture. Time after time, Clear + Brilliant patients reported "looking and feeling younger" and rediscovering their skin's natural "radiance and smoothness"¹. For our patients, these are the kind of results that speak volumes.

TREATMENT OPTIMISATION

Clear + Brilliant Perm a goes the extra step.

With Clear + Brilliant Perm a, topical skin care products work harder for you. The Perm a treatment enhances skin permeability, increasing the benefits of topical skin care products immediately after treatment, and giving you results you'll love. In clinical studies, those treated with Clear + Brilliant Perm a followed by a topical antioxidant serum noted greater uniform tone, boosted radiance and enhanced overall appearance.*

Enhance your skin's permeability to significantly increase the benefits of your skincare products. You'll never want to use them on their own again.
