BRIGHTEN AND BLEND WITH LUMIXYL™

The SilkPeel™ Dermalinfusion™ Lumixyl™ Solution employs cutting-edge peptide technology to improve the appearance of discolouration and achieve a more even tone overall. Formulated specifically for delivery with the SilkPeel™ Dermalinfusion™ System, treatment with the Lumixyl™ Solution offers an accelerated approach to brightening that is effective and without the risk or irritation of other brightening agents.

RESULTS WITHOUT RISK

As a stand-alone treatment or in combination with laser or other light procedures for pigmentation, Lumixyl™ with SilkPeel™ Dermalinfusion™ will not elicit irritation or allergic reaction.

THE TREATMENT IS:

- COMPLETELY NON-TOXIC
- WILL NOT CAUSE ANY SENSITIVITY TO SUNLIGHT
- A SAFE TREATMENT FOR ALL SKIN TYPES

CLARIFY – LUMIXYL™: Naturally occurring amino acids help to diminish dark spots caused by age and photodamage without the use of abrasive chemicals.

BRIGHTEN – LUMIXYL™: With no risk of irritation, the powerful peptide can be used continuously to achieve a brighter complexion and even tone.

RADIATE – LUMIXYL™: The combination treatment leaves your skin feeling fresh, healthy and luminous.

TIRED OF FINE LINES & DRYNESS?

“My fine lines and wrinkles were really starting to bother me. My doctor recommended a SilkPeel™ regime and when I was done, my skin felt soft, smooth and was visibly brighter.” —Janet C

HYDRATE YOUR SKIN WITH HYALURONIC ACID

The SilkPeel™ Dermalinfusion™ Hydrating Solution is a nutrient-rich moisturizing formula developed to quench the thirstiest skin. Specifically designed to be delivered through the SilkPeel™ Dermalinfusion™ System, the hydrating procedure can be used independently or to increase patient satisfaction when combined with lasers and other light based treatments.

SMOOTH – HYALURONIC ACID:

Reduces the appearance of fine lines, wrinkles and improves overall texture.

HYDRATE – ALOE: Calms the inflammation and irritation leaving skin soft, supple and moisturized.

CALM – CHAMOMILE: Even abrasion gently exfoliates and smoothes texture without irritating sensitive skin.

DOES YOUR BODY NEED A FACIAL?

*In addition to SilkPeel™
Demalinfusion's™ suite
of high-performing
topical solutions, a
choice of treatment
heads enables the

precisely target
problem areas.*

BRIGHTEN AND BLEND WITH LUMIXYL™

SilkPeel™ Dermalinfusion™'s BODY system offers multiple modalities for improving skin imperfections and tone all over the body. Be it acne, stretch marks, chronic dryness, sagging skin or cellulite – the BODY system's adjustable settings enable the delivery of targeted solutions at the appropriate depth for a range of skin types and conditions. The SilkPeel™ Dermalinfusion™ BODY procedure is effective as a standalone treatment or as a complement to a variety of other body procedures.

SHAPE – CELLULITE: Deep lymphatic massage improves the appearance of cellulite and the structure of the body's skin – painlessly.

CLARIFY – ACNE, SUN SPOTS, STRETCH MARK: Targeted topicals are infused deep into the skin, helping to improve some of the most frustrating skin imperfections affecting the body.

EXFOLIATE – ROUGHNESS, DRYNESS, DULLNESS: Diamond-plated treatment heads exfoliate dead skin cells, revealing softer, healthier, more radiant skin immediately.

TIGHTEN - ELASTICITY: Combination therapy helps to restore elasticity to limp and sagging skin.

SUN & STRESS DAMAGING YOUR SKIN?

“My skin was looking dull and lifeless before my doctor recommended SilkPeel™ Dermalinfusion™. I noticed a huge improvement after my very first treatment, My skin is definitely smoother and brighter than before!”

—Catherine M.

INFUSE YOUR SKIN WITH VITAMIN C

Sun, stress and pollution can take a toll on skin at any age. If your skin is looking tired and dull, your doctor or qualified medical aesthetician can work with you to determine if SilkPeel™ Dermalinfusion™ with the Vitamin C Solution is right for you. The potent antioxidant formula helps to brighten, exfoliate and infuse your skin with an arsenal of targeted antioxidants to protect against free-radical damage.

CLARIFY – TOCOPHERYL ACETATE:

A stable derivative of Vitamin E, helps protect skin from photodamage and improves the appearance of scars and wrinkles.

HYDRATE – ALOE:

Provides extra hydration, leaving skin soft

BRIGHTEN – SODIUM ASCORBYL PHOSPHATE:

A derivative of Vitamin C, helps brighten dull skin and provides a secondary line of protection against photodamage in conjunction with a sunscreen.

SOOTHE – ALLANTOIN & DIPOTASSIUM:

Anti-inflammatory soothes the skin.

CONVINCED
ACNE IS A
FACT OF LIFE?

*“As an acne sufferer, my skin was constantly red and irritated, each SilkPeel™ Dermalinfusion™ treatment calmed and soothed my skin and benefits lasted for days!” —**Tim D***

REVEAL A CLEARER, SMOOTHER COMPLEXION

The SilkPeel™ Dermalinfusion™ Clarifying Formula provides relief for the most sensitive, acne prone skin. Formulated specifically for delivery with the SilkPeel™ Dermalinfusion™ System, the Clarifying Formula combines Salicylic Acid and Aloe to promote a clear complexion overall and improve the appearance of cystic and pustule acne.

Acne is a chronic condition that affects people of all ages and skin types. While your doctor can work with you to determine a daily treatment plan, SilkPeel™ Dermalinfusion™ can be used as a stand-alone procedure or in combination with laser & light-based treatments to clarify oily, blemished skin and improve the appearance of acne.

**CLEAR****CLEAR – SALICYLIC ACID:**

Promotes cell turn over, unclogging pores and enabling the production of new cells and clear skin.

SOOTHE

SOOTHE – ALOE: Calms the inflammation and irritation associated with acne.

TONE

TONE – ABRASION: Even abrasion gently exfoliates and smoothens texture without irritating sensitive skin.

ADVANCED AESTHETIC TECHNOLOGY

SilkPeel™ Dermalinfusion™ is a non-invasive skin rejuvenation procedure. The only technology to provide simultaneous exfoliation, evacuation and the delivery of condition-specific topicals, SilkPeel™ Dermalinfusion™ offers advanced skin care for almost every skin type and condition. SilkPeel™'s diamond tip wand exfoliates damaged skin cells, evenly abrading the top layer of the skin in order to deliver targeted formulations to the dermis.

Be it acne, aging, pigmentation or other ailments commonly affecting the skin on the face or body, the Dermalinfusion™ process delivers specially-formulated solutions deep into the skin without damaging its natural structure. SilkPeel™ is customizable, effective and offers immediate results with no downtime.

This clinically-proven concept of skin re-surfacing can be used by itself, as a way to optimize your laser treatments or as the finishing touch to a facial surgery procedure.
